Experience

Kroger Manufacturing

Intern, Indianapolis, Indiana

March 2018-July 2018

- Created a plantwide attendance tracking program for 200+ employees using Excel and VBA
- Performed an extensive cost-benefit analysis of switching all front office employees from a 37.5-hour workweek to a 40-hour workweek, detailing both savings and additional costs of over \$10,000
- Administered a plantwide employee survey collecting, cleaning, and analyzing a dataset of almost 10,000 answers
- Assisted HR during labor negotiations by creating a new pay-for-skills plan and weekly schedules for mechanics
- Created additional dashboards in Excel to monitor and track management vacation usage, employee welfare & budgeting, and disciplinary records

Accounting and Finance Intern, Columbus, Ohio

May 2015-August 2015

- Audited daily reports of received shipments with Bill of Ladings to ensure systems were accurate
- Analyzed liability lists and worked with vendors to fix errors with invoices
- Tracked and managed daily plant-wide usage of pallets through 40-60 shipments
- Logged 15-20 daily interplant shipments and matched all shipments in invoice system weekly

Human Resources Intern, Indianapolis, Indiana

May 2014-August 2014

- Managed conversion of over 500 employee personnel/medical files to new electronic filing system
- Photographed various parts of the plant and created informational brochure with InDesign

Maintenance Engineering and Human Resources Intern, Cincinnati, Ohio

June 2013-May 2014

- Implemented plant-wide conversion of lockout-tagout procedures to Standard Work format, using Excel, different company databases, and the plant's SharePoint website
- Facilitated the inspection and cataloging of storeroom parts

BEDA Program, Madrid, Spain

September 2016-January 2018

Language & Culture Assistant

- Taught 9 different classes of 225+ kids from 5-9 years old in 3 subjects; English, Natural Sciences, and Social Sciences
- Planned lessons to teach grammar, pronunciation, vocabulary, and other aspects of the English language and American culture using literature, multimedia, games, songs, and exercises
- Managed a variety of private lessons/tutoring for Spanish children and families

Kinetic Vision, Evendale, Ohio

Software Developer Co-Op

January 2013-May 2013

- Programmed and developed software/applications for advanced engineering and statistical testing using Python
- Maintained source code of existing programs to ensure resilience

Skills and Leadership Experience

- Python, R, SAS, Tableau, WordPress, Adobe Photoshop/InDesign, Microsoft Office and VBA
- Conversational in Spanish
- Boy Scouts, Eagle Scout, Order of the Arrow
- University of Cincinnati International Programs

August 2015-May 2016
